State Rankings 2007

Compare quality of life. How does your state compare in crime? Housing? Taxes? Health care? This 18th edition of our original and most popular rankings reference book provides answers to these and hundreds of other questions regarding quality of life in the 50 United States. In all, 569 tables of state comparisons are provided. With its easy-to-understand approach to state statistics, *State Rankings* has become a favorite resource of librarians, government officials, reporters and researchers across the United States and around the world.

Which State is Most Improved?

With the publication of each new edition of *State Trends*, Morgan Quitno editors issue the Most Improved State Award. This annual honor is determined based on trends in 12 basic quality of life factors. This year's award considered indicators such as highway fatality rate, state prisoner incarceration rate, percent of adults who smoke, percent of children immunized and percent of students proficient in reading and math.

\$49.95

City Crime Rankings, 13th Edition

How safe is your city? This newly-revised, 13th edition of *City Crime Rankings* provides easy-to-understand crime comparisons for U.S. cities and metro areas. Numbers, rates and trends for total crime, violent crime, murder, rape, robbery, aggravated assault, property crime, burglary, larceny-theft and motor vehicle theft are presented in both alphabetical and rank order for all metro areas and cities of 75,000+ population. Also included are numbers and rates of police in cities. Best of all, *City Crime Rankings, 13th Edition* provides essential information in one comprehensive, user-friendly volume.
